# Cluster

By Mustafa Timur

Cluster is a modular seating system shaped by organic curves and soft volumes. Pouf modules in different sizes connect to form flowing configurations. A tall back panel attaches to transform any module into high-back seating, adding privacy and structure to open spaces. Seat and back panel can be upholstered in different colors. Designed for lobbies, lounge areas and common spaces where layout flexibility matters.

Cluster, organik eğriler ve yumuşak hacimler üzerine kurulu modüler bir oturma sistemi. Farklı boyutlardaki puf modüller birleşerek akışkan yerleşimler oluşturur. Herhangi bir modüle eklenen yüksek sırt paneli oturma birimini yüksek sırtlıklı koltuğa dönüştürür, açık mekanlara mahremiyet ve yapı katar. Oturum ve sırt paneli farklı renklerde döşenebilir. Esnek yerleşimin önemli olduğu lobiler, dinlenme alanları ve ortak mekanlar için tasarlanmıştır.

# Brand Attributes

## Marka Değerleri

We recognize that our planet is the only home we share with all living beings. At Marwood, we embrace this responsibility through conscious production that respects our resources and considers both present and future. We develop nature-focused and inclusive policies, continuously improving them across all our business processes.

Gezegeneimizin tüm canlılarla paylaştığımız yegâne evimiz olduğunun bilincindeyiz. Marwood olarak bu sorumluluğu, kaynaklarımıza saygılı ve bilinçli bir üretim anlayışıyla üstleniyoruz. Doğa odaklı ve kapsayıcı politikalarımızı tüm iş süreçlerimizde sürekli geliştiriyoruz.

At Marwood, we design functional and value-driven furniture beyond trends with the FLEXO principle. With our durable, timeless, and modular products, we offer sustainable and solution-oriented approaches at every stage, from production to user experience. FLEXO represents a comprehensive design culture that combines aesthetics, functionality, and quality, carefully developed by Marwood.

Marwood olarak, FLEXO prensibiyle trendlerin ötesine geçen, işlevsel ve değer odaklı mobilyalar tasarlıyoruz. Dayanıklı, zamansız ve modüler ürünlerimizle, üretimden kullanıcı deneyimine kadar her aşamada sürdürülebilir ve çözüm odaklı yaklaşımlar sunuyoruz.

We aim to develop environmentally friendly methods across all production stages, from material selection to waste management and recycling. In furniture production, we have implemented the EcoHue protocol, which collects and recycles waste powder paints with a 100% recycling rate. By mixing waste paints of different colors, we obtain a gray-toned paint used on invisible surfaces of our designs. Through EcoHue, we recycle 4 tons of waste paint annually and finish 26,800 m<sup>2</sup> of material with this eco-friendly solution.

Üretim aşamalarımızda malzeme seçiminden atık yönetimine kadar çevre dostu yöntemler geliştirmeyi hedefliyoruz. Mobilya üretiminde uyguladığımız EkoHue protokolü ile fire toz boya %100 geri dönüştürüyoruz. Farklı renk ve tonlardaki fire boya karıştırarak elde ettiğimiz gri tonlu boyayı, tasarımlarımızın görünmeyen yüzeylerinde kullanıyoruz. EkoHue ile her yıl 4 ton atık boyayı geri dönüştürüyor ve 26.800 metrekare malzemeyi bu çevre dostu çözümle bitiriyoruz.

At Marwood, we offer a dealership system that delivers efficient, tailored solutions for both local and global markets. From design to logistics, we ensure smooth project execution with a focus on customer satisfaction and budget-friendly planning.

Marwood olarak, hem yerel hem de global pazarlara yönelik verimli ve kişiye özel çözümler sunan bir bayi sistemiyle çalışıyoruz. Tasarımdan lojistiğe kadar her aşamada, müşteri memnuniyetine ve bütçe dostu planlamaya odaklanarak projelerin sorunsuz bir şekilde ilerlemesini sağlıyoruz.
