By Marwood Design Team

Jun is a chair family that speaks the same design language across different spaces. From seminar halls to bars, meeting rooms to waiting areas; it adapts to any setting. Leg options and variations mean there's a Jun for every use. When the same forms repeat in different spaces, design unity follows naturally. The seminar version offers a practical solution for amphitheatres and classrooms with its stackable structure and writing tablet. Synchronized back and lumbar adjustment supports proper posture across all models.

Jun, farklı mekânlara aynı tasarım diliyle hitap eden bir sandalye ailesi. Seminer salonundan bara, toplantı odasından bekleme alanına kadar her mekâna uyum sağlar. Ayak seçenekleri ve varyasyonlarıyla her kullanıma uygun bir Jun var. Tüm varyasyonlar aynı tasarım çizgisini taşıyarak mekânlar arasında görsel bir bağ kurar. Seminer versiyonu istiflenebilir yapısı ve yazı tablasıyla amfiler ve sınıflar için pratik bir çözüm sunar. Senkronize sırt ve oturma ayarı tüm modellerde doğru duruşu destekler.

# Brand Attributes

## Marka Değerleri

We recognize that our planet is the only home we share with all living beings. At Marwood, we embrace this responsibility through conscious production that respects our resources and considers both present and future. We develop nature-focused and inclusive policies, continuously improving them across all our business processes.

Gezegeneimizin tüm canlılarla paylaştığımız yegâne evimiz olduğunun bilincindeyiz. Marwood olarak bu sorumluluğu, kaynaklarımıza saygılı ve bilinçli bir üretim anlayışıyla üstleniyoruz. Doğa odaklı ve kapsayıcı politikalarımızı tüm iş süreçlerimizde sürekli geliştiriyoruz.

At Marwood, we design functional and value-driven furniture beyond trends with the FLEXO principle. With our durable, timeless, and modular products, we offer sustainable and solution-oriented approaches at every stage, from production to user experience. FLEXO represents a comprehensive design culture that combines aesthetics, functionality, and quality, carefully developed by Marwood.

Marwood olarak, FLEXO prensibiyle trendlerin ötesine geçen, işlevsel ve değer odaklı mobilyalar tasarlıyoruz. Dayanıklı, zamansız ve modüler ürünlerimizle, üretimden kullanıcı deneyimine kadar her aşamada sürdürülebilir ve çözüm odaklı yaklaşımlar sunuyoruz.

We aim to develop environmentally friendly methods across all production stages, from material selection to waste management and recycling. In furniture production, we have implemented the EcoHue protocol, which collects and recycles waste powder paints with a 100% recycling rate. By mixing waste paints of different colors, we obtain a gray-toned paint used on invisible surfaces of our designs. Through EcoHue, we recycle 4 tons of waste paint annually and finish 26,800 m<sup>2</sup> of material with this eco-friendly solution.

Üretim aşamalarımızda malzeme seçiminden atık yönetimine kadar çevre dostu yöntemler geliştirmeyi hedefliyoruz. Mobilya üretiminde uyguladığımız EkoHue protokolü ile fire toz boya %100 geri dönüştürüyoruz. Farklı renk ve tonlardaki fire boya karıştırarak elde ettiğimiz gri tonlu boyayı, tasarımlarımızın görünmeyen yüzeylerinde kullanıyoruz. EkoHue ile her yıl 4 ton atık boyayı geri dönüştürüyor ve 26.800 metrekare malzemeyi bu çevre dostu çözümle bitiriyoruz.

At Marwood, we offer a dealership system that delivers efficient, tailored solutions for both local and global markets. From design to logistics, we ensure smooth project execution with a focus on customer satisfaction and budget-friendly planning.

Marwood olarak, hem yerel hem de global pazarlara yönelik verimli ve kişiye özel çözümler sunan bir sistemle çalışıyoruz. Tasarımdan lojistiğe kadar her aşamada, müşteri memnuniyetine ve bütçe dostu planlamaya odaklanarak projelerin sorunsuz bir şekilde ilerlemesini sağlıyoruz.
